

VENDOR PROFILE We have had a few mix companies in our last couple of months, so let's keep with that theme and introduce Lloyds of PA for you.

Lloyds of PA was incorporated in 1977 and have been making quality dairy mixes since then. The company is 3rd Generation family owned and is highly experienced in Mix Production and Food Science Services

With over thirty years experience in the frozen dessert industry, technical assistance is offered to both the retail and manufacturing markets. Services include:

- Initial Product Development
- Production Assistance
- Quality Control Support
- Recipe to Formula Conversion
- Co-Pack Production Placement
- Commercial Raw Material Sourcing
- Nutritional Panels
- Ingredient Declarations

With extensive research and product development experience, the company has been able to create proprietary soft serve & dessert mix formulations, which have extraordinary advantages compared to traditional soft serve products, and several custom frozen dessert mixes for specialized frozen custard equipment.

Plus Andy Jones, the Company President, is quite the Karaoke singer. I have photographs if you are interested. To contact staff at Lloyds, please call 610 647 3144 or www.lloydspa.com
